✓ **Intuitive, Ease-of-Use IP PBX Management**

PLANET next-generation IPX-330 IP PBX telephony system is easy to set up and manage thanks to a perceptive web-based user interface and quick setup wizard. Since it is Asterisk-based equipment, the entire benefits of the pre-loaded SIP can be had as any other enterprise-level appliance would come equipped with the feature. The IPX-330 is able to accept 30 user registrations, and easy to manage a full voice over IP system with the convenience and cost advantages. The equipment is best paired with PLANET color IP phones to get the function going smoothly and to have a seamless connection between the software and hardware.

✓ **Replacing Old PBX Easily without New Wiring**

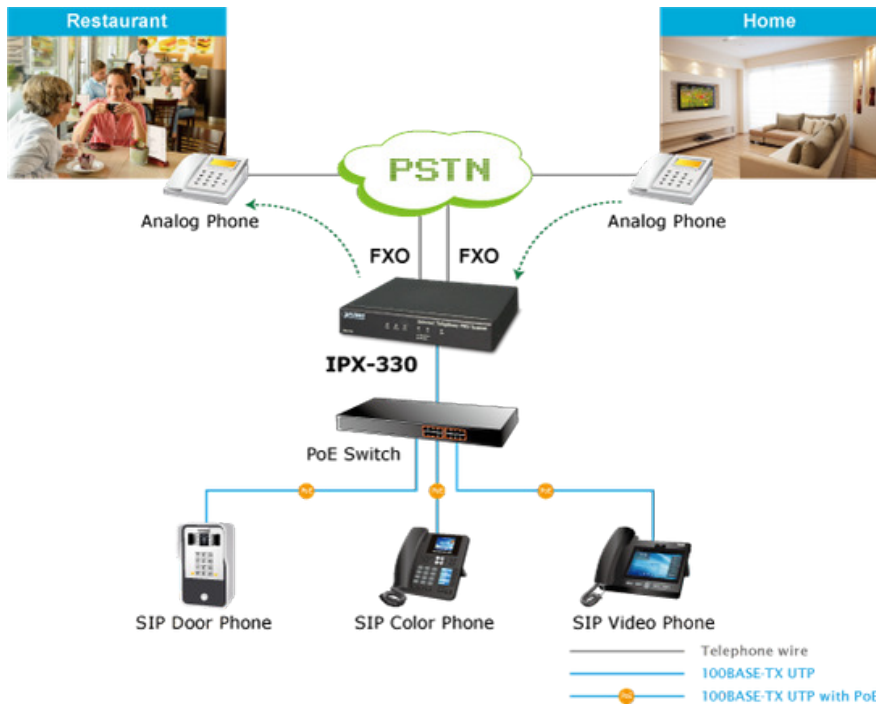

✓ **Distributed VoIP Network Infrastructure**

✓ **Standard Compliance**

✓ **Green IP Office**

✓ Off-net Calling Capability, Call Restriction, Call Access Control

The IPX-330, integrated with 2 FXO ports, is a feature-rich PBX system that supports seamless communications between existing PSTN calls, analog, IP phones and SIP-based endpoints.
